PROFESSIONAL EXPERIENCE

TRAINEE SALES EXECUTIVE | SUN PHARMA — SPECTRA DIVISION

December 2025 – January 2026

- Executed pharmaceutical brand strategies within the assigned field territory and engaged healthcare practitioners through scientific product presentations.
- Communicated therapeutic, product efficacy, safety, and tolerability information to physicians and healthcare professionals.
- Built and maintained professional relationships with healthcare practitioners through regular product communication and field engagement.
- Gathered real-time market intelligence regarding customer feedback, product performance, competitor activities, and market trends.
- Synthesized field-level insights and communicated actionable feedback to the corporate Product Management Team.
- Supported localized medical awareness and product-promotion initiatives to strengthen product visibility and market penetration.
- Monitored customer response and field sales performance to identify opportunities for business development and account growth.

STORE MANAGER | DAVA INDIA HEALTH MART, LUCKNOW

February 2025 – Present

- Manage end-to-end pharmacy operations with responsibility for customer service, product availability, sales operations, and inventory control.
- Monitor customer purchasing behavior and local market preferences to optimize product portfolio and product availability.
- Develop and maintain Advanced Excel-based sales and inventory trackers to monitor business performance and support demand forecasting.
- Analyze seasonal demand and purchasing trends to improve product planning and operational efficiency.
- Coordinate daily pharmacy operations while maintaining pharmaceutical storage, dispensing, and safety requirements.

STORE MANAGER / SUPERVISOR | APOLLO PHARMACY, GURUGRAM

June 2022 – August 2025

- Supervised and mentored a 15-member team of pharmacists and operational staff while maintaining efficient pharmacy and customer-service workflows.
- Managed high-volume pharmacy operations, inventory activities, documentation, and purchase-order processes.
- Executed focused medical brand-promotion activities to improve product visibility and commercial performance.
- Maintained communication with corporate stakeholders to align store-level activities with organizational objectives.
- Monitored OTC and prescription-product movement to identify purchasing patterns and support product and inventory decisions.

• Maintained accurate operational records and supported compliance and audit-readiness activities.

STAFF | INDUSTRIAL INTERFACE TRAINING, APOLLO PHARMACY, GURUGRAM January 2021 – January 2022

• Assisted with high-volume prescription verification, medicine dispensing, and community pharmacy operations.

• Maintained structured stock-control records and supported purchase-order and drug-expiry monitoring processes.

• Observed OTC and prescription-product movement to understand customer purchasing and product-demand patterns.

CLINICAL TRAINING & PROJECT

HOSPITAL TRAINING INTERN — DISTRICT HOSPITAL, ETAH, UP | October 2020 – November 2020

• Observed clinical pharmacy operations across OPD and IPD settings, including prescription evaluation and hospital formulary management.

• Gained practical exposure to patient dosage evaluation and Adverse Drug Reaction reporting structures.

ACADEMIC PROJECT — SKIN CARE IN COSMETIC SCIENCE — CHITKARA UNIVERSITY

• Studied formulation structures, safety evaluation criteria, and dermatological properties of topical products including face washes, moisturizers, and sunscreens.
